

# COVID-19 Precautions

*Learn about the extra efforts Spurk HVAC is making to provide safe and reliable HVAC services during this time.*

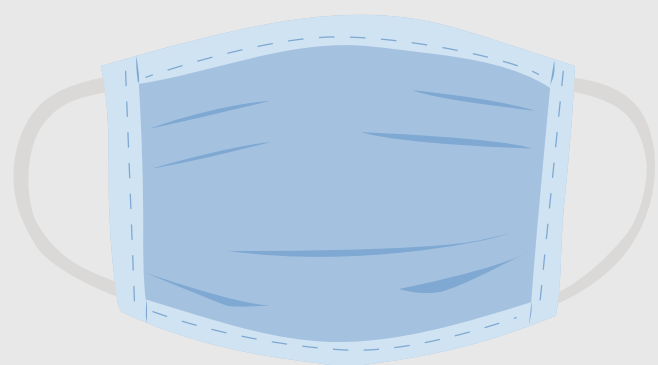

## Temperatures Recorded

*Every employee of Spurk HVAC is required to take and report their temperature before being dispatched to your home.*

## Social Distancing

*On Every call, we are advising customers and employees to maintain a 6-foot distance from one another.*

## Personal Protective Equipment

*Every Spurk HVAC technician is outfitted with face-masks in order to ensure your safety and theirs.*

We are actively monitoring the health of our employees as well as any and every update made by local, state, and federal officials. As a local, family-owned & operated business. The safety of our customers, our employees, and our community is our #1 priority.
